# THE GINVENTORY

## GININTRODUCTION

Take a moment to read our guide to enjoying your gin to the fullest - you'll find it genuinely helpful

## 35ml Measures - Pure Ginious

We offer the extra gincentive that all of our gins are served in 35ml measures rather than the traditional 25ml, giving you additional value for money and allowing you to appreciate the full extent of your premium gin and tonic as a long, slow, sumptuous experience

## Premium Presentation

Our gin and tonics are served to a certain protocol - only ever served in our over-sized goblets with lashings of ice

## Premium Gins Demand Premium Mixers

A gin and tonic is only 35% gin, so why combine a premium drink with anything of a lesser quality? We prefer to pair all our gins with Fever-Tree Premium Tonic Waters. With their carefully selected natural botanicals and perfect carbonation, Fever-Tree tonics have been crafted to enhance the taste of gin. Select from the following:

### Premium Indian Tonic Water

### Naturally Light Tonic Water

### Elderflower Tonic Water

### Mediterranean Tonic Water

### Sicilian Lemonade

### Premium Lemonade

### Ginger Ale

### Ginger Beer

(£2 individually or £1.30 with a premium gin)
